#### Art. 5 Evaluation of titles

The Selection Committee first defines the evaluation criteria, then evaluates the titles of candidates. The title's assessment is pointed out for a maximum of 50 points out of 100. Title categories and related maximum points are:

1. professional titles: professional roles and charges, teaching positions in academic and non-academic organizations, on themes related to the call; participation in research programs and networks; coordination and management of research networks, laboratories or similar structures; up to 20 points;
2. technical and/or scientific educational background, excluding linguistic and informatics training; up to 10 points;
3. other titles and products as publications, articles, multimedia, patents, prizes, successful bids in competitive funding, other acknowledgements; up to 20 points.

The result of the evaluation of titles will be published on the 26 of July 2017, on the Administration web page at the address: [www.swas.polito.it/services/concorsi](http://www.swas.polito.it/services/concorsi).

#### Art. 6 Examination

The examination is carried out in the form of an interview.

The **interview** has the goal of testing the skills and knowledge as for article 1 of this call, also by discussing with the candidate his/her titles.

During the interview will also verify the knowledge of English (excellent knowledge both written and spoken is required) and of networking and group working software mentioned in article 1 of this call. The candidate will use his/her own personal hardware; internet connection and beamer will be available on site.

The applicants will also be interviewed to assess their psychological, relational and motivational characteristics required by the job description.

The sessions of the Committee, during the interviews, are public.

The Selection Committee will evaluate the interview with a maximum of 50 points out of 100. The oral test shall be considered passed if the applicant has obtained a score of at least 35 point.

At the end of each session dedicated to the interview the Committee will draw up a list of the candidates examined with the indication of the vote attained by each and display it at the venue of the examination.

The overall vote is established by the sum of the vote for the title's evaluation and the vote attained in the interview.

#### Art. 7 Calendar of examinations

The interview will be held on 27/07/2017 at 10,00 in Saletta B of the Rector's Office of this Polytechnic - C.so Duca degli Abruzzi, 24 - Turin.

Applicants are required to be on the premises at the time and on the day mentioned above to sit the examination. They must be in possession of a valid identity document.

#### Art. 8 Formulation and approval of ranking

Having performed the test for the selection process, the Committee draws up the merit ranking in descending order of the overall vote based on the results of the title's evaluation and of the interview.

Applicants who have passed the final test and intend to exercise their preferential rights as set out at paragraph 4 of art. 5, Presidential Decree no. 487 dated 9.5.1994 (annex B) are required to show the relevant original documents, or authenticated copy thereof, within the deadline of 15 days. This term starts from the day following that on which individual applicants have passed the final test.

By Decree of the General Manager, the merit ranking will be approved and the successful candidates will be declared, on condition that it is verified that they are in possession of the requirements to be admitted to the job.

The final ranking will be published on the Administration web page at the address: [www.swas.polito.it/services/concorsi](http://www.swas.polito.it/services/concorsi).

#### Art. 9 Entering into the contract

A full time fixed-term employment contract for duration of three years will be entered into with the candidate who is declared successful. A probationary period of work as Technologist is envisaged,

with the right to the remuneration provided for by the rules in force for technical administrative staff for Category EP, Economic Position EP3.

The employment relationship is governed by the individual contract and by the employment provisions in force, which also include the taxation, welfare and social security, envisaged for employee income. As regards the rights and duties of the employee, reference is made to the principles established by the National Collective Labor Agreement - University Sector and to the regulations in force on public sector employment.

The candidate who has successfully completed the selection process is required to submit all documents, which will be requested from this Polytechnic within thirty days from recruitment, under penalty of dismissal.

The probationary period will last for three months and cannot be renewed or extended. Once this period has been completed without termination of the employment relationship by one of the parties, the employees will be considered as being confirmed in service and their length of service will be calculated in every respect as of the day of recruitment.

#### Art. 10

##### Referral to the performance of the selection process

For all that is not provided for in this selection process notification, reference shall be made to the rules laid down in the Regulation on the selection, recruitment and management process of the fixed-term employment relationship of the Technologists as set out in the introduction, and - as far as compatible - to the Regulation concerning the selection processes for recruiting permanent technical-administrative staff at the Polytechnic of Turin, issued with Regional Decree no. 339 dated 31/05/2002, and to the provisions in force on the procedures for public selection processes.
