

Cristina Bignardi CV

Biodata

name: Cristina Bignardi
birth date: July 2, 1960
place of birth: Torino, Italy
nationality: Italian
civil status: [REDACTED]

Cristina Bignardi obtained a degree in Mechanical Engineering at the Politecnico di Torino (Torino, Italy) in 1985.

She obtained a PhD in Mechanical Systems and Structures at the Politecnico di Torino in 1990.

Institutional appointments

She joined the Faculty in 1989 becoming researcher in the Mechanical Design area at the Mechanical Department of the Politecnico di Torino.

From 2001 she is associate professor in the Industrial Bioengineering area at the Department of Mechanical and Aerospace Engineering of Politecnico di Torino.

Since 1995 she has been teaching courses with Biomechanical contents at the Politecnico di Torino and at the University of Torino (Odontology and Dental Prosthesis Degree, Sport Science Degree, School of Specialization in Orthopaedic and traumatology and Physical medicine and rehabilitation).

She taught the course "Design of instruments and devices for orthopedic surgery" in the ambit of the Master "Innovation and Surgery" at the Politecnico di Milano (Milano, Italy) in 2008.

She taught the course "Patient-specific planning of arthroplasty: from CT scans to structural models" in the ambit of the 3rd IEEE Italy Section Summer School "Smarter Engineering towards Industry 4.0" at the University of Perugia (Perugia, Italy) in 2017.

She held invited seminars regarding her research activity at the International Centre of Biocybernetics (Warsaw, Poland, 1996), at the Perm State Technical University (Ust-Kachka, Russia, 1999) and at the Technischen Universität München (München, Germany, 2005).

She is a member of the Biomedical Engineering Executive Board of the Politecnico di Torino.

She has been Coordinator of Doctorate School in Biomedical Engineering, Politecnico di Torino (2011-2017).

She is Member of Health and Welfare Regional Council (CORESA), advisory body of the Regional Council on social-health topics (Piedmont Region) as Representative of Politecnico di Torino, from 2006.

She is Member of the Ethical Committee of Puzzle Centre (Centre for cranium-encephalic trauma and serious acquired encephalic lesions), Torino.

Main areas of research are:

1. Numerical and experimental structural analysis methods
2. Human joints and arthroprostheses
3. Biomechanics of the spinal column
4. Dental biomechanics

5. Biomechanics of the pelvic floor
6. Characterization of biological tissue at different scales of investigation
7. Bioreactors for regenerative medicine

She is responsible of national and international research projects in the orthopaedic biomechanics field and scientific leader of research contracts with public and private corporations.

Projects responsibility

Responsible of Politecnico di Torino Unit for the European project - ORTHOCAP - Non invasive verification of the scoliotic curve correction obtained by means of the use of orthopaedic corsets (1999)

Responsible of Politecnico di Torino Unit for the National Project PRIN 2004 –Development of new numerical and experimental procedures for the hip arthroplasty secondary stability design

Responsible of Politecnico di Torino Unit for the National Project PRIN 2009 – Development and validation of hybrid models of blood flows for patient specific fluid dynamics analysis as a support of clinical medicine

Responsible of Politecnico di Torino Unit for the Polo di Innovazione Biotecnologie e Biomedicale Project FIDIS – Inner Dynamic Sensorized Fixator (2011)

Responsible of Politecnico di Torino Unit for the National Project (Accordo MISE-ICE-CRUI – 2010) PROBING – Engineered Bioreactors Prototype (2012)

Responsible of Politecnico di Torino Unit for the Polo di Innovazione Biotecnologie e Biomedicale Project BBS - Bioactive Bone Substitutes (2012)

Responsible of Politecnico di Torino Unit for the Italian Cluster Scienze della Vita Project IRMI (Italian Regenerative Medicine Infrastructure) (2013-2018)

Responsible of Politecnico di Torino Unit for the National Project (Accordo MISE-ICE-CRUI – 2014) E.F.I.N. (Expandable Intra Medullary Nail) (2015-2018)

List of scientific papers of Cristina Bignardi
