

**MITei**  
MIT Energy Initiative

# eni-MIT

## Postdoctoral Research in Energy

**APPLICATION DEADLINE : March 1**

**eni** is a major integrated energy company, with operations in 85 countries and 79,000 employees worldwide. **eni** operates in the oil and gas, electricity generation and sale, petrochemicals, oilfield services construction and engineering industries. In these businesses **eni** has a strong edge and leading international market position. **eni** men and women have a passion for challenges, continuous improvement, excellence and particularly value people, the environment and integrity. **eni** has joined forces with the Massachusetts Institute of Technology to address the energy challenges of the future. **eni** supports a range of research projects at MIT exploring transformative energy technologies.

Areas of research interest include solar technologies and production, transportation, and use of oil and gas. Candidates should have a PhD from an Italian university awarded on or after September 2010. **eni**-MIT post-doctoral researchers will be members of the Society of Energy Fellows at MIT.

Applications should be submitted directly to the MIT Energy Initiative. Program description and application information can be found at [mitei.mit.edu/research/eni-postdoc](http://mitei.mit.edu/research/eni-postdoc).
